PLASMA

Plasma Marble

“Plasma” is one of our signature products and can confidently be called unmatched in the market: a golden pattern across the surface, scattered with contrasting shades of white and grey.

Marble

Plasma

- Golden pattern on a dark ground
- For interior and exterior use
- High durability and stability
- Suits lobbies, façades and feature walls
- In three forms: block, slab and tile

The stone's excellent durability allows varied use inside and outside buildings. With its gold and black contrast, your project becomes unique and beautiful.

Blocks | **Slabs** | **Tiles**

* Slab and tile dimensions and thickness are set to the customer's order.

Note Plasma is for projects where being noticed comes first: lobbies, hotels, feature walls and counters.
